## About Fest - Endora'23

ENDORA 2023 is a techno-flea fest conducted by the VIBE GECK, which act as a platform for the budding entrepreneurs to showcase and sell their merchandise. The main idea behind the fest is to aid the specially abled people technologically. An "IDEATHON" is set up in which vast number of ideas will be expressed which will be helpful for them. Out of these ideas a project will be developed which will build a better environment for them.

The fest focuses on the idea of integrating the technical, cultural and entrepreneurship skills.

By keeping this in mind, the fest includes work-shops and talk session by renowned speakers to uplift the spirits and mechanizations of young enthusiastic minds.

This would be an eye opener for many to learn about the divergency that they can access by learning from the experienced.

## Highlights

The banner features the IEEE logo at the top left. In the center, there is a dark silhouette of a person wearing a hoodie, standing in front of a perspective grid of yellow dots that recedes into the distance. The word "HACKATHON" is written in large white capital letters across the center. Below it, the text "in association w/ IEEE KERALA SECTION & IEEE GECK" is displayed. At the bottom right is an Instagram icon followed by the handle "ieekerala".

The banner features a line follower robot, labeled "RAZERO", positioned on a black diagonal line against a yellow background. To the left of the robot is the ISTE GECK logo. To the right is an Instagram icon followed by the handle "iste\_geck". Below the robot, the text "RAZERO" is written in large bold letters, followed by "LINE FOLLOWER ROBOWAR" in a smaller bold font. At the bottom, the text "in association w/ ISTE GECK" is displayed.
